filter

# Long run time

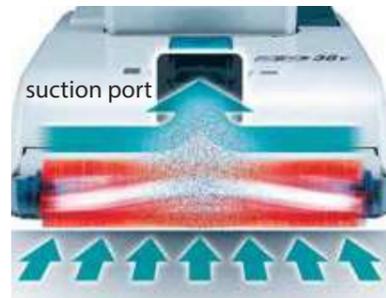

Continuous use on a full battery charge*		
Max about <b>30</b> min	High about <b>60</b> min	Low noise about <b>120</b> min

\*with BL1860B x2

One-touch 3-suction mode selection switch with mode memory function

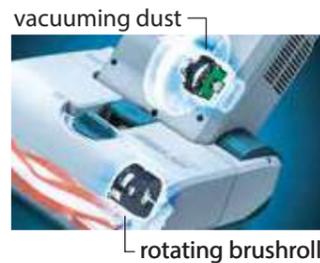

## High dust pick-up rate

4 rows of V-shaped bristle increase dust pick-up rate.

Suction power is even across the entire cleaning width due to the suction port located at the center.

### Two different BL motors

- One for vacuuming dust and the other for rotating brushroll
- Two motors are separately controlled according to the selected suction mode.

allows for use in noise-sensitive environments such as office, hospital and more.

Low noise mode **57 dB(A)**

Max mode: 67dB(A) / Normal mode: 64dB(A)

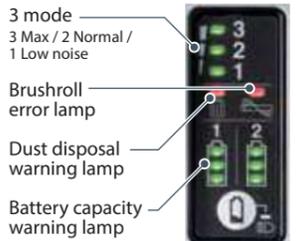

### Expandable hose plus Removable aluminum pipe with integrated handle

- You can clean in corners or confined spaces by using the pipe and hose, with the machine standing upright.
- When the machine is in the upright position, the brushroll automatically stops so as not to damage the carpet.

- Convenient attachment for use with the removable aluminum pipe
- Can be stored on the machine.

### Indication panel

### Filtration system: Paper dust bag (Non-woven cloth type)

4-layer non-woven cloth filter

Dust capacity: **5L**

**HEPA filter**

### Main body able to tilt up to 90 degrees

enables to clean in tight spaces under furniture, sofa, bed and more.

### Tool-less brushroll replacement

allows for quick maintenance.

### 4-stage brushroll height adjustment

4-stage manually adjustable to carpet pile length

- Stage 4**  
Long pile carpet
- Stage 1**  
Hard floor, Short pile carpet

Stage*	Application (length as a rough guide, depending on conditions)
4	Long pile carpet (10mm or longer)
3	Standard carpet (approx 7mm)
2	Modular carpet (approx 3mm)
1	Hard floor, Short pile carpet

\* Brief description  
 • The lower the brushroll position, the higher the dust removal performance.  
 • The higher the brushroll position, the less the force required to move the cleaner head.  
 (The height should be adjusted so that the brushroll error lamp is not activated.)

### Side brush

The side brush is convenient for cleaning the corner of a wall.

### LED job light

Convenient for cleaning in dark places

### Front bumper

protects wall and furniture surfaces from scratches / damage.

**DVC560 has achieved a bronze CRI seal of approval**

Approval test performed by the Carpet & Rug Institute (USA) to evaluate the performance of vacuum cleaners for carpet and rug.
