

As with all Kärcher products, the bagless VC 3 multi-cyclone vacuum cleaner features outstanding functionality. With its elegant design and practical size, the yellow VC 3 fits perfectly into the modern family home. Easy to use, it is suitable for young and older people alike. The highly efficient multi-cyclone vacuum cleaner offers high power without loss of suction and thanks to the washable waste container it saves you a lot of money that you would otherwise have to spend on replacement filter bags. The transparent waste container on this model allows you to see the vacuumed dirt, and therefore the powerful cleaning effect of the vacuum cleaner, at a glance. HEPA 12 filters with minimal dust emissions ensure extremely clean air – ideal for allergy sufferers. What's more, the low noise level makes it extremely family-friendly. The Kärcher VC 3 cleans floors and carpets just as thoroughly as gaps, corners, edges and other hard-to-reach places.

VC 3

- Easy-to-remove filter bag
- No filter bag required
- HEPA 12-Filter (EN 1822:1998)
