

PROTECTOR

Cut resistant HPPE (high performance polyethylene) gloves with double nitrile coating.

The seamless PROTECTOR cut resistant gloves of Safety Jogger guarantee dexterity, safety, grip and reliability. They were designed to provide maximal mechanical strength for light to heavy working conditions. Next to a maximum cut resistance these gloves offer huge comfort and dexterity. The ideal solution for activities in less favorable conditions.

Application area:

- Construction
- Assembly
- Automotive
- Glass industry
- Transportation and Logistics
- Etc...

Special features:

Seamless HPPE liner with double nitrile coating. First coating (blue) on the palm of the hand and on $\frac{3}{4}$ of the back of the hand. Second coating (black) in foamed nitrile (for better grip in humid condition) on palm of the hand and fingertips.

Packaging:

12 pairs/polybag, 10 polybags/box

Available sizes:

8, 9, 10 and 11

Standard EN 388 : 2003

These gloves are tested on levels of protection according to the following risks:

Abrasion resistance (0-4)

Blade cut resistance (0-5)

Tear resistance (0-4)

Puncture resistance (0-4)

EN388

4 5 4 4

Performance Level Rating						
Test	0	1	2	3	4	5
a. Abrasion resistance (cycles)	<100	100	500	2000	8000	-
b. Blade cut resistance (factor)	<1.2	1.2	2.5	5.0	10.0	20.0
c. Tear resistance (newton)	<10	10	25	50	75	-
d. Puncture resistance (newton)	<20	20	60	100	150	-
