# COLOUR MY WORLD

# Colour of the Year 2024

## Sandcastle

Sandcastle is the colour of island shores and inland deserts, sun-bleached driftwood and pampas grass rippling in the wind. A blank sheet of paper, a swathe of unbleached cotton, waiting to become whatever you choose.

Nippon Paint's Colour of the Year is gentle, inclusive, accommodating. It compliments almost every shade, and it's the perfect complement to these times of turbulence and transformation.

With a pandemic, geo-political factors and climate change to contend with, it seems that the universe has conspired to catalyse change. And kudos to the human race, we have stepped up.

We have awoken.

Against this backdrop of change, both energising and exhausting, home has never been more important. It is the sanctuary to which we retreat, the sacred place where we recharge. It is our castle.

Fill your castle with the quiet calm of Sandcastle.

# Trending Colours

## White

What could be simpler than white? Actually, everything! This infinitely variable shade can be as crisp as linen sheets, incandescent like ash, or golden like sunlit clouds. White whispers, it never shouts. Decorate with a light hand. Layer your white interiors with blonde wood, natural textures, and gauzy layers that filter the light.

# Neutral

As resilient as dunes of sand that stand their ground as wild tides rage around them, neutrals are timeless. Neither masculine nor feminine, they can be warm or cool, exotic or nostalgic. Dark wood, smoky glass, matte metals, light-coloured textiles and seasoned leather – all earthy tones sit comfortably with neutrals.

# Pink & Purple

Fields of lavender and hydrangeas in bloom, sweet candy and strawberry frosting. Who can resist the prettiness of pink and purple? Forget the saturated shades of the 80s, the new pinks and purples are delicate and complex. Infused with apricot, tinged with blue, they pair perfectly with neutrals and accents that echo their hue.

# Seychelles

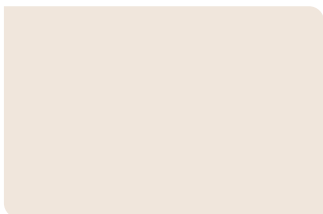

Since the lifting of pandemic-era restrictions, we've rekindled our love of travel and made up for lost time. We invariably return renewed, with photos in our phones and souvenirs in our suitcases.

Of course, colour itself can be a souvenir. So, why not paint your walls with memories of holidays past? Or, paint your dreams of holidays to come.

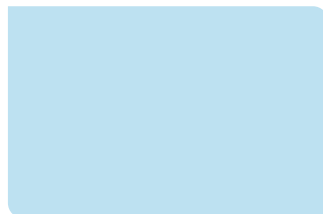

Take the quintessential island paradise of Seychelles. An archipelago of 115 islands nestled in the Indian Ocean, its powder-white sands, granite boulders and clear blue waters are legendary. Bring it home with pale translucent blues and deep inky cobalt, rich mineral hues and sun-drenched whites. And live in your island paradise all year round.

# Be Inspired Design Trends

Trends are shaped by changes happening in the world around us. Sometimes they come and go, blazing brightly for a brief moment in time. Sometimes they stay, and are elevated to classic styles. Be informed, and be inspired, by the trends of today.

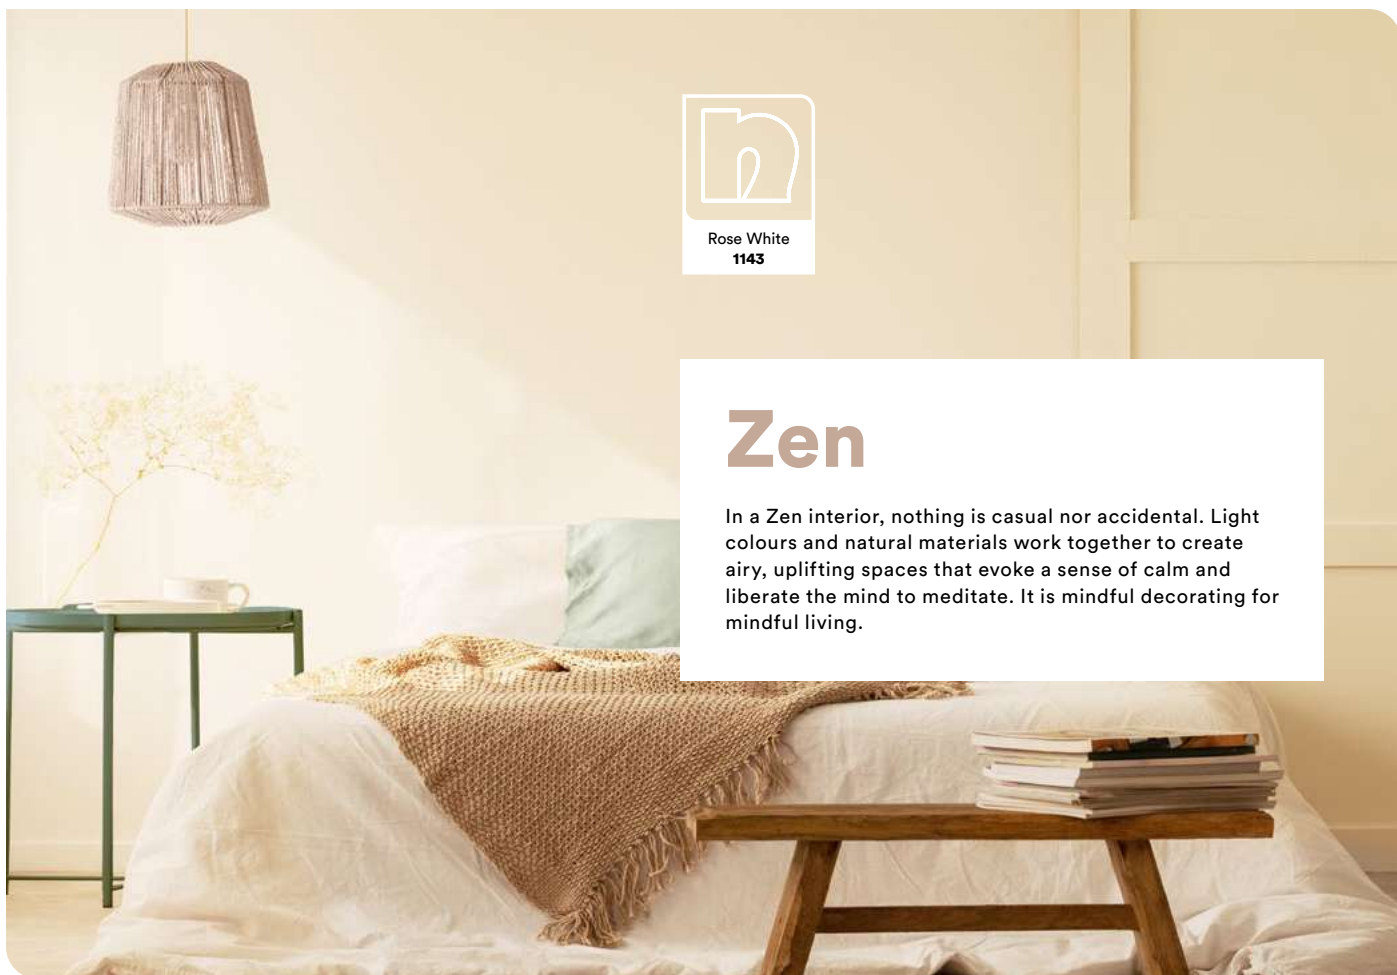

Apricot Buds  
NP YO 1217 T

## Apricot

Delicately balanced between pink and orange, apricot has been hailed as the close cousin of the long-reigning 'millennial pink'. Modern or vintage, depending on how it is styled, it is warm and cosy, and works well with crisp white and natural fibres.

Rose White  
1143

## Zen

In a Zen interior, nothing is casual nor accidental. Light colours and natural materials work together to create airy, uplifting spaces that evoke a sense of calm and liberate the mind to meditate. It is mindful decorating for mindful living.

Spiney Green  
NP BGG 1689 T

## Urban Modern

Think cosmopolitan apartment living. Open concept kitchen and living areas with splashes of colour, statement light fittings and bar counters. It may look casual, but in cities where space is at a premium, every detail is thoughtfully considered.

Refer to actual colour chip at retail store before purchase.

Ultra Green  
NP BGG 1610 A

## Eclectic

Collectors of curios, thrift shoppers and free spirits tend towards eclectic interiors. While no single style dominates, everything is artfully arranged to pull off a look that is more chic than chaotic. A vibrant jewel backdrop pulls everything together.

Stone Fence  
NP N 2003 D

## Contemporary

Contemporary interiors mirror the mood and manners of the moment. Currently, they are characterised by slate greys, teal greens and inky blues. Mixed-purpose living spaces feature modular furniture and whispers of mid-century modern design.

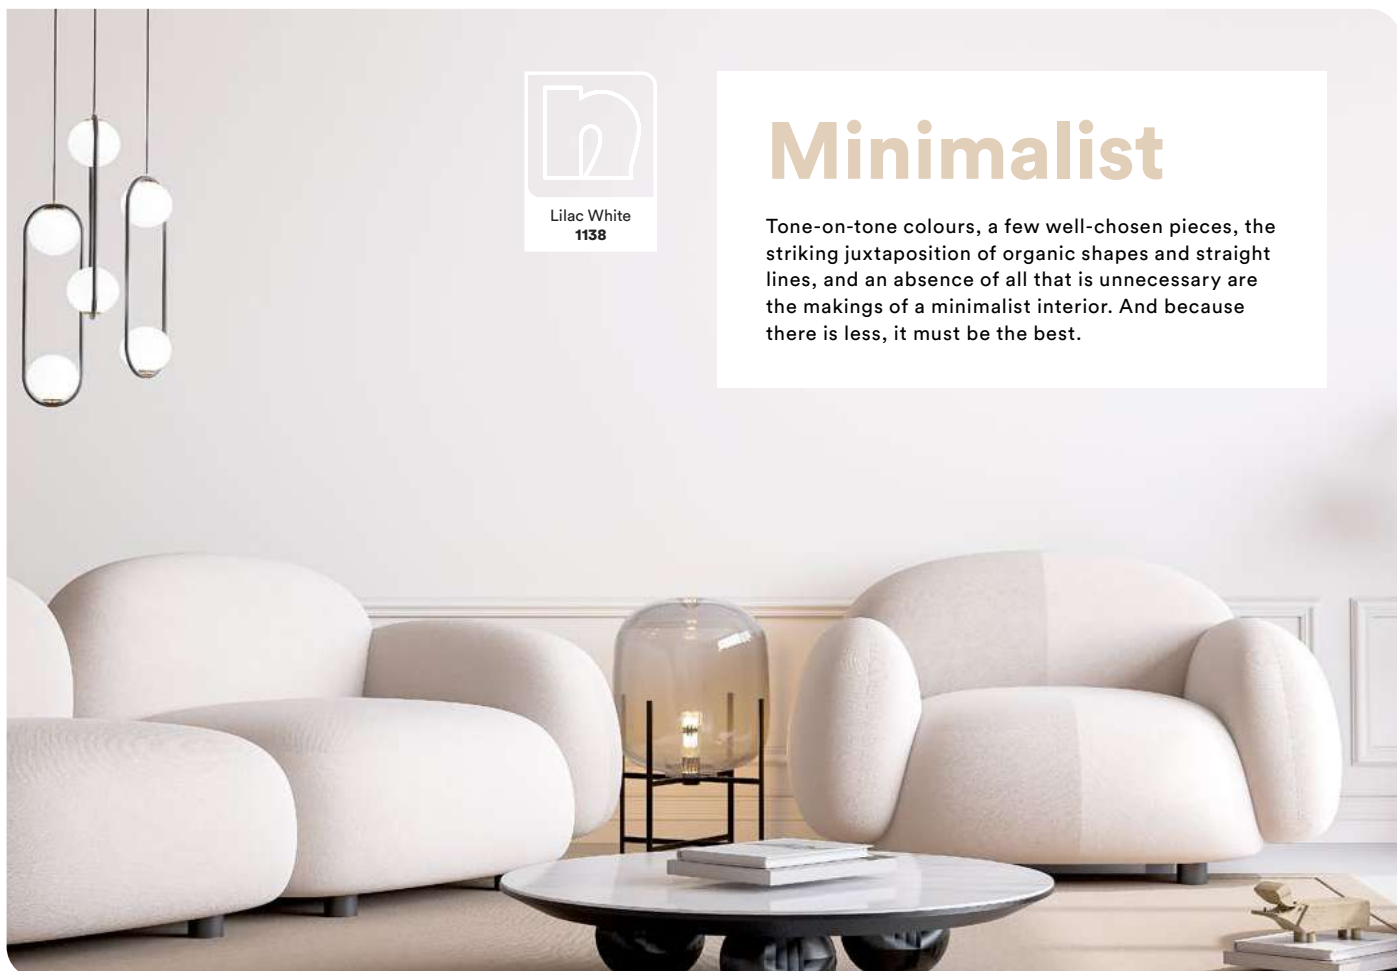

Blue Aura  
NP PB 1529 P

## Coastal

The fresh, crisp combination of blue and white never gets old. Take some blue walls, add some whitewashed furniture, throw in some nautical knick-knacks – and you can almost hear the waves lapping the shore and smell the sea breeze...

Refer to actual colour chip at retail store before purchase.

Lilac White  
1138

## Minimalist

Tone-on-tone colours, a few well-chosen pieces, the striking juxtaposition of organic shapes and straight lines, and an absence of all that is unnecessary are the makings of a minimalist interior. And because there is less, it must be the best.

Refer to actual colour chip at retail store before purchase.

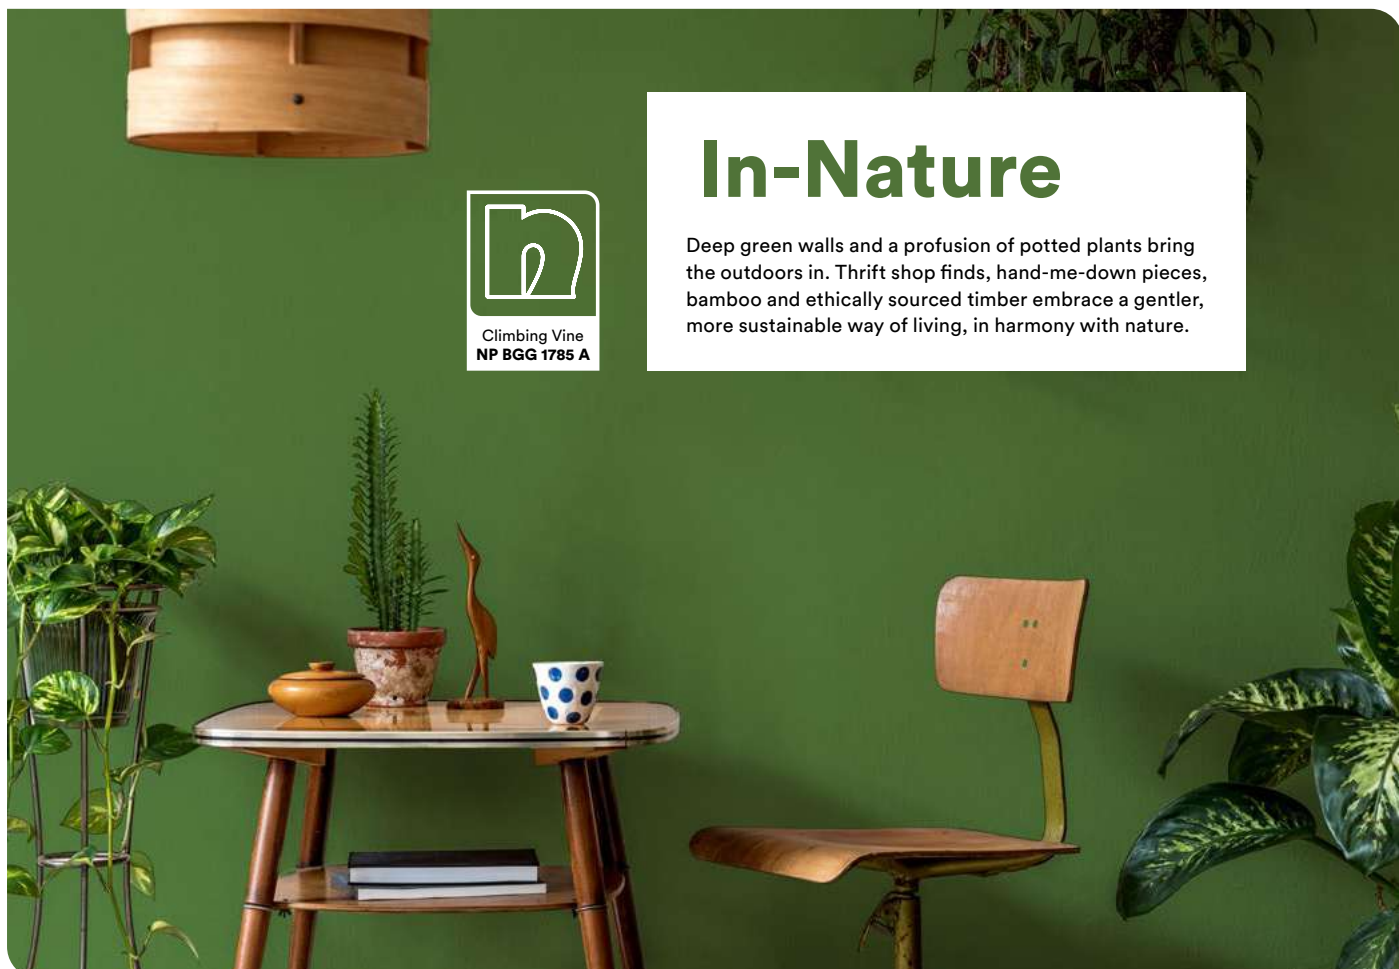

Special Touch  
NP OW 1049 P

## Scandinavian

Light, bright and cheerful, Scandinavian décor is typified by light blonde wood, natural textiles, and light-hearted small touches of whimsy. Despite the cold climes of its origins, or perhaps because of it, it exudes a welcoming warmth.

Climbing Vine  
NP BGG 1785 A

## In-Nature

Deep green walls and a profusion of potted plants bring the outdoors in. Thrift shop finds, hand-me-down pieces, bamboo and ethically sourced timber embrace a gentler, more sustainable way of living, in harmony with nature.

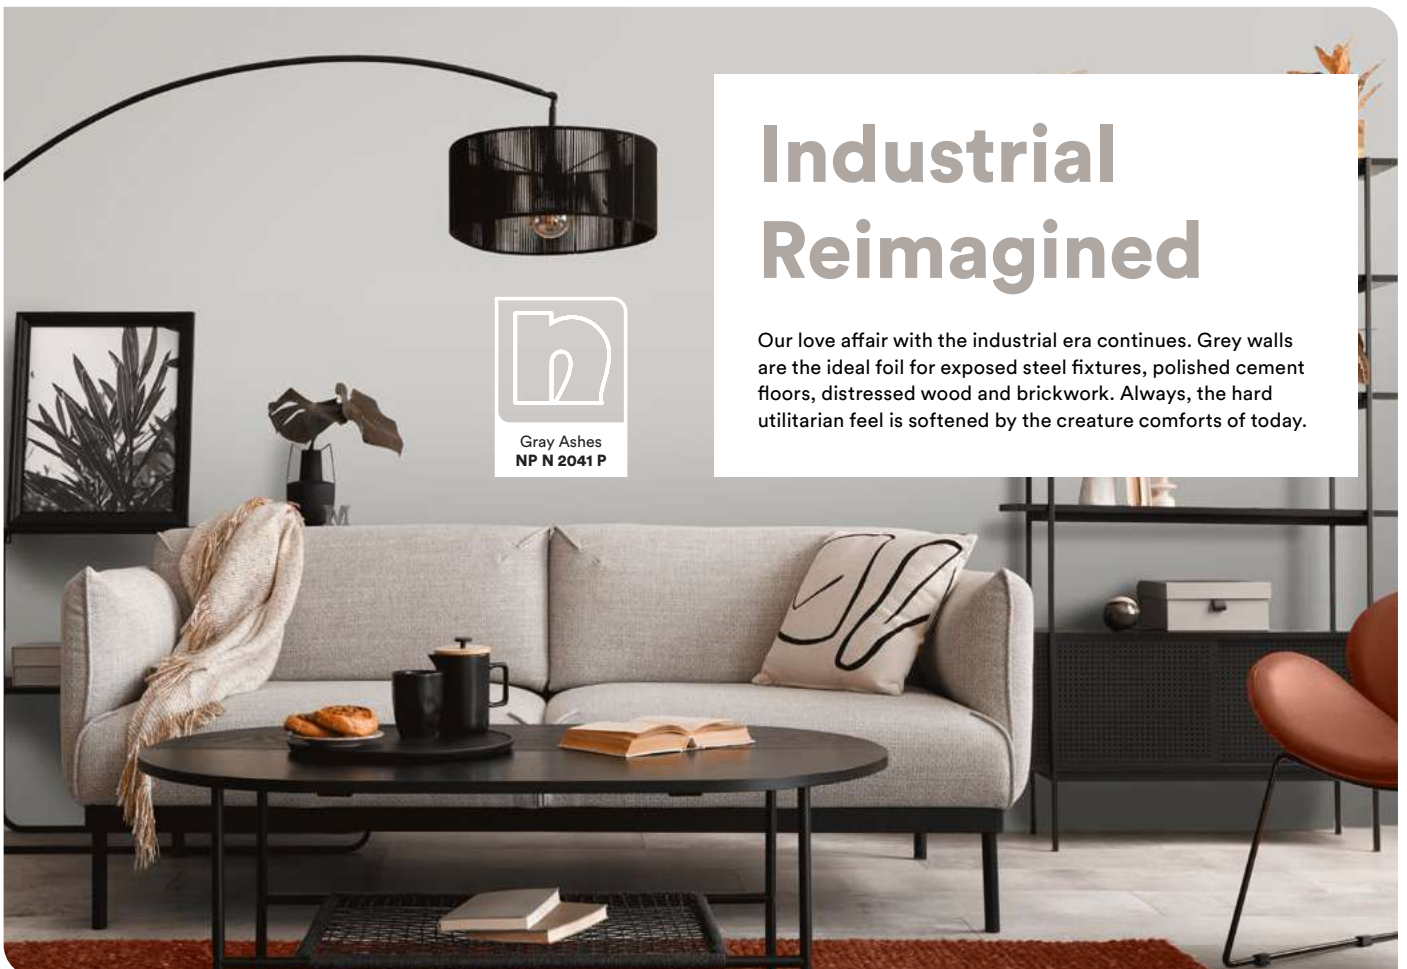

## Luxe Redux

Dark colours impart an exclusive feel to luxury interiors. Accessories are few, and never fussy. Metallics are matte, not shiny. Sophisticated designer furnishings and muted accent colours complete the look.

Refer to actual colour chip at retail store before purchase.

## Industrial Reimagined

Our love affair with the industrial era continues. Grey walls are the ideal foil for exposed steel fixtures, polished cement floors, distressed wood and brickwork. Always, the hard utilitarian feel is softened by the creature comforts of today.

Thought Of The Year

# Inspiration Is Everywhere

When decorating with colour, you don't need to go far for inspiration. Open your eyes wide, switch your imagination on, and the ideas will come streaming in like sunlight.

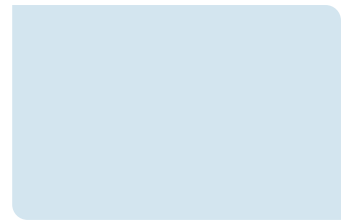

Speaking of sunlight, see how it seeps through the slats in wooden shutters and drapes a white room in a golden veil? Make it permanent and paint your room light gold. Take rain. You know that mauve tinge in a grey sky, just before the heavens open? It looks great on a wall... You get the picture.

So, take a stroll in the park. Register all the rich greens, from luminous emerald moss to the teal green of succulents. Go for a walk on the beach. Feel the sand beneath your toes and reconnect with your inner kid. Why not make a sandcastle... Sandcastle – why, that's Nippon Paint's Colour of the Year!

Yes, sources of inspiration are everywhere.

## Fun Pastels

Macarons in a patisserie window. Gelato in a chiller. Pretty colours all in a row. Take them home and adorn your home sweet home with the sweetest of pastels. Mix and match colours like flavours. Pair pistachio with lemon, strawberry with vanilla. Stick to the same intensity and you really can't go wrong.

Pastels are lovely in a nursery, and charming in a living room. They add a touch of Alice-in-Wonderland whimsy to a kitchen or grownups' bedroom, and look soft and powdery in a bathroom.

Have fun with pastels!

## Earthy Hues

From orange pumpkins to dark leafy greens, all that springs from the earth yields a wealth of colour inspiration. From the good earth itself we mine the rich brown of soil and the red-brown terracotta of clay.

Pair warm and muted earthy hues with timber, stone and exposed bricks. Choose organic shapes over geometric ones, and matte surfaces over shiny metallics. Throw rugs, floor rugs and scatter cushions all add to the comforting, cocooning effect of an earthy interior.

Wrap a room in earthy hues and bask in Mother Nature's warm embrace.

Glory Yellow **NP YO 1129 T**

## Pop Colours

Imagine deep pink watermelon and golden pineapple. Intensified by dazzling summer sunlight, bouncing off turquoise waters under cerulean skies. Saturated, almost surreal, these eye-popping colours are not for the shy.

For standout interiors that shout rather than whisper, pop colours are the go. Pair them in unexpected combinations. Add solid black lines for a graphic edge, and quirky accessories that start conversations.

Get that groovy kind of feeling with pop colours.

## Light and Airy

White cotton ball clouds. Fields of wheat, rippling in a gentle breeze. Waxy white candles with flickering flames. These are just a few of the sources of inspiration behind a light and airy palette.

Combine light and airy colours with lambswool and calico, rattan and bamboo, and natural materials in shades more blond than brunette. Add a dash of cool blue or green for an ambience that soothes the senses and elevates the mood.

Feel like you're floating with light and airy colours.

Leap of Faith **NP YO 1190 A**

Fashion Red **NP R 1274 A**

Braintree Road **NP N 1920 T**

## Vintage Power

Classic cars and cobbled streets. Vintage scooters and vintage clothes. Nostalgia is the driving force behind masculine, evergreen vintage colours.

Vintage colours look wonderful with seasoned leather and timber. Accessorise with distressed chests, curios and collectibles that tell their own stories. Throw in some graphic printed cushions and contemporary wall art to add a modern edge.

Take a palette of vintage colours and merge the best of the past with the boundless possibilities of the present.

**SY Heng** recommends **Nippon Paint Singapore**

They are very professional, efficient and meticulous. All my furniture and floors were nicely wrapped and protected. The walls and ceilings were painted with 3 coatings (1 coat of sealer + 2 coats of anti-mould paint). They will also patch up any wall irregularities. Day 1 they managed to complete 4 bedrooms, and day 2 they completed the living room, kitchen, toilets and storeroom. Each day before they leave, they will remove all the plastic wrappings, and move all the furniture back to original positions.

and services rendered.**

# SELLEYS®

IF IT'S SELLEYS IT WORKS™

## After painting, Selleys

Nothing transforms a room as immediately as paint. But over time, that dazzling first impression can be eroded by the condition of the surfaces around your painted walls – and the dirt that collects on top of them.

Selleys, an iconic Australian brand of DIY and cleaning products, has a portfolio of amazingly hard-working and easy-to-use products that complement Nippon Paint. Here's a sampler.

## Maintain Your Painted Surfaces with Selleys Sugar Soap

Selleys Sugar Soap is ideal for removing sticky layers of built-up cooking grease on your kitchen walls. You can also use it on your tiled backsplashes, countertops, laminated surfaces and floors. Simply dilute it with water, and apply it with a soft clean cloth.

**Good to Know:** Diluted Selleys Sugar Soap can be left to dry on painted walls without rinsing.

## Keep Your Ceilings Mould-free with Selleys Rapid Mould Killer

To remove unsightly mould from your bathroom and laundry ceilings, simply spray Selleys Rapid Mould Killer directly onto the painted surface, wait for a few minutes, then wipe it off. If stubborn mould remains, apply another coat and leave it on overnight. To keep your ceilings mould-free, apply one coat of Nippon Paint 5101 Odour-less Water-Based Sealer, followed by two coats of Nippon Paint Odour-less Anti-Mould Ceiling White.

**Good to Know:** Selleys Rapid Mould-Killer eliminates 99.9% of common household germs.

## Fill Cracks in Your Masonry with Selleys No More Gaps

Even in seismically stable Singapore, buildings move ever so slightly and cause gaps to appear between walls and built-in furniture, door and window frames, and skirting boards. To fill them, simply snip the top off a tube of Selleys No More Gaps and squeeze it into the gaps. It's cured and ready for painting in just 30 minutes!

**Good to Know:** With a movement capability of up to  $\pm 15\%$ , Selleys No More Gaps stretches up to 300%.

## Repair and Restore Your Woodwork with Selleys Wood Putty

Selleys Wood Putty is the easy way to fill holes, cracks and dents in all types of timber. After it's cured, simply sand it before applying one of Nippon Paint's specialised timber coatings. A couple of coats of Nippon Paint Timberlac varnish, Nippon Paint Aqua Bodelac water-based coloured paint or Nippon Paint Bodelac 9000 oil-based coloured paint will have your woodwork looking as good as new.

**Good to Know:** Selleys Wood Putty cleans up easily with just plain water.

## Prevent Corrosion in Your Door Hardware with Selleys RP7

Selleys' legendary Selleys RP7 can not only stop annoying squeaks and remove rust from your door hinges and hardware, it can also prevent future corrosion. Simply apply a few drops, leave it on for five minutes to penetrate the rust and grime, then wipe the surface clean.

**Good to Know:** Selleys RP7 can unjam zippers, clean your tapware, get your seized-up bicycle chains and skateboard wheels moving, even start a wet motor in your car... No home should be without a can!

Selleys is a global market-leading brand, with 75 years of world-class quality and product innovation behind it. It is a household name for Australian and New Zealand consumers, and the first choice among handymen and tradespeople for household adhesives, sealants, fillers and paint preparation products. The slogan says it all – if it's Selleys it works.

Selleys is now a subsidiary of Nippon Paint (Singapore) Co Pte Ltd.
